Fiji Cabling and Fiber Optic Cable Direct Sales

Overview

Welcome to Comsys Pacific's range of fiber optic cables and connectivity options for networks across Fiji and the Pacific Islands.

Key Takeaways

Fiji offers multiple suppliers and service providers for direct sales of fiber optic and cabling solutions, including Fiji Internet Supply, Datec Fiji, Dominion Cables, and VT Solutions. Key Suppliers and Services

Fiji Internet Supply provides a full range of fiber optic infrastructure materials, networking equipment, and telecom systems tailored for tropical and coastal environments. They handle global sourcing, containerized delivery, and project coordination for resorts, utilities, commercial developments, and infrastructure projects across Fiji and the South Pacific, making them ideal for bulk purchases and large-scale deployments (fijiinternet.com) . Datec Fiji specializes in fiber optic cabling services, including design, installation, fusion and mechanical splicing, testing, and maintenance. Their technicians are trained for commercial, industrial, healthcare, government, and educational sites. They also offer emergency repair services and end-to-end solutions for fiber optic networks, ensuring minimal downtime and high-quality installation (datec.com.fj) . Dominion Cables is a certified manufacturer and supplier of all-purpose cables in Fiji and the Pacific region. They provide high-quality electrical and data cabling solutions, compliant with ISO 9001 standards, and are capable of supporting both local and export projects. Dominion Cables is suitable for clients seeking reliable, certified cabling products for commercial and residential applications (dominioncables.com) . VT Solutions offers comprehensive cabling solutions, including Cat 6, Cat 6A, coaxial, fiber, and data cables. They provide scalable network infrastructure, wireless coverage, and installation services for offices, campuses, hospitals, and large properties. VT Solutions also supports automation, video conferencing, and digital signage setups, making them a versatile partner for integrated network projects (vt-solutions.com) .
