

Huijue Fiber Optics and Optical Modules

Overview

Fiber Optic Adapter Series Fiber Optic Adapters (Couplers) are passive optical devices used to connect two fiber patch cords for precise alignment and stab.

Key Takeaways

Huijue offers a wide range of high-quality fiber optic components and optical modules, including SFP transceivers, optical splitters, connectors, and customized network solutions. Company Overview

Huijue Network, founded in 2002 and headquartered in Shanghai, China, is a leading manufacturer and supplier of fiber optic components and optical modules. The company operates six wholly-owned subsidiaries and three production bases, covering over 100,000 square meters, and exports products to Europe, North America, Southeast Asia, and other regions . Huijue integrates intelligent network communication equipment with system integration and provides customized solutions for FTTX, data centers, and digital integrated sites .

Product Offerings

Fiber Optic Components:

- Active connectors and patch cords for single-mode and multi-mode fibers
- Optical splitters including fused couplers, planar waveguide splitters, PLC splitters, and blade/box/rack types
- Fiber optic adapters and flanges

- Optical fiber cables such as indoor, flexible, butterfly, and G.652/G.657a2 types

Optical Modules:

- SFP and SFP+ transceivers supporting single-mode fiber
- Transmission speeds up to 25 Gbps with distances up to 20 km for standard modules
- Single-core and dual-core modules for different data transmission needs
- Compatibility with major brands like Huawei, H3C, Ruijie, Ubiquiti, TP-LINK, and Cisco

Services and Customization

- OEM/ODM services for tailored solutions
- Small order acceptance, even for single pieces
- Sample provision before bulk orders
- Flexible payment terms and fast delivery depending on order quantity

Applications

Huijue's fiber optic components and optical modules are suitable for:

- Telecom networks and FTTX deployments
- Data centers and high-speed network infrastructure
- Energy storage systems integrating optical fiber technology for efficient energy management

Key Advantages

- Strong R&D and production capacity
 - Strict quality management
 - Global export experience and technical support
 - Ability to provide customized solutions for specific project requirements
- Huijue Fiber Optics and Optical Modules are designed to meet modern network demands, offering high performance, reliability, and flexibility for both commercial and industrial applications.
