

Manufacturers near trapezoidal cable trays

Overview

Cable Trays Manufacturers and Suppliers in the USA and Canada Custom manufacturer of building cable trays made from carbon steel and stainless steel materia.

Key Takeaways

Several global and regional manufacturers provide trapezoidal cable trays, including PT Trias Indra Saputra, Chalfant Manufacturing, Spina Group, and ELCON CABLE TRAYS PVT. LTD., offering customized and high-quality solutions. Leading Manufacturers

PT Trias Indra Saputra specializes in cable management systems, including ladder and tray types suitable for indoor and outdoor applications, with a focus on reliability and quality fabrication. Chalfant Manufacturing offers innovative cable tray lines such as self-connecting and walkable trays, which can be adapted to trapezoidal designs for industrial and commercial projects. Spina Group (Italy) produces a wide range of cable trays, including ladder, perforated, and wire-mesh types, with custom sizing options and compliance with European EN and international UL standards, making them suitable for trapezoidal configurations. ELCON CABLE TRAYS PVT. LTD. manufactures and exports various cable trays, including ladder, perforated, and wire mesh types, along with accessories, and can provide custom solutions for trapezoidal designs. Snake Tray and Sunil Engineering Corporation also offer diverse cable tray systems, including aluminum, steel, and perforated trays, which can be customized to trapezoidal shapes for specific project requirements.

Regional Considerations

- Europe: Manufacturers like Spina Group, Niedax (Germany), and Legrand (France) focus on high-quality, durable trays with advanced designs suitable for industrial and infrastructure projects .
- North America: Companies such as Atkore International and Chalfant Manufacturing provide innovative, customizable cable trays with compliance to local and international standards .
- Asia: PT Trias Indra Saputra and ELCON CABLE TRAYS PVT. LTD. offer cost-effective, high-quality solutions with customization options for trapezoidal and other specialized tray types .

Key Features to Consider

When selecting a manufacturer for trapezoidal cable trays, consider:

- Material: Steel, aluminum, or FRP depending on load and environmental conditions.
- Customization: Ability to produce trapezoidal shapes, specific widths, and lengths.
- Compliance: Adherence to standards such as EN 61537, ISO 9001, or IEC for safety and quality.
- Accessories: Availability of fittings, junction boxes, and support systems for complete installation. These manufacturers provide both standard and custom solutions, ensuring that trapezoidal cable trays can meet industrial, commercial, and infrastructure project requirements efficiently.
