

Price List of Cable Tray Manufacturers in Australia

Overview

Shop Online Cable and Ladder Tray Wholesale | AGM Shop cable and ladder trays for organized installations. High-quality, durable options at unbeatable price.

Key Takeaways

Cable tray prices in Australia vary by material, type, and supplier, ranging from approximately AUD 1 to AUD 150 per unit for industrial and commercial applications. Leading Cable Tray Manufacturers in Australia

- EzyStrut – Offers ladder trays, solid-bottom trays, and wire mesh trays suitable for industrial, mining, and telecommunications projects. Known for durability and compliance with Australian standards .
- Axelent – Specializes in X-Tray systems integrated with machine guarding solutions, ideal for warehouses and industrial environments .
- Legrand Australia – Provides a wide range of electrical installation products, including cable trays, with a focus on innovative and sustainable solutions .
- Burndy CSS, Brilltech, Ozstrut – Offer versatile cable management solutions for commercial and industrial applications .

- RS Australia – Supplies stainless steel, aluminium, and galvanised steel trays, including complete kits and small sections, with competitive pricing .

Price Overview

- B2C (Retail/Small-scale): Cable trays for home or office use are priced between AUD 15 and AUD 34, with some wholesale options as low as AUD 1 per unit. These are typically lightweight, easy-to-install trays with no-drill clamps .
- B2B (Industrial/Commercial): Prices range from AUD 1 to over AUD 150 per unit depending on material, size, and durability. Stainless steel and aluminium trays command higher prices due to corrosion resistance and compliance with safety standards . Bulk purchases from manufacturers like Schneider Electric, Eaton, Legrand, and Atkore are available for large-scale projects .

Material and Type Considerations

- Stainless Steel – High corrosion resistance, suitable for harsh environments.
- Aluminium – Lightweight and durable, ideal for medium-duty applications.
- Galvanised Steel – Cost-effective, commonly used in commercial installations.
- Wire Mesh Trays – Flexible and easy to install, often used in data centers and telecommunications.
- Ladder and Solid-Bottom Trays – Provide robust support for heavy cables in industrial settings .

Additional Notes

- Prices vary based on tray length, width, height, and load capacity.
- Many Australian manufacturers offer customization options to meet specific project requirements .
- Local suppliers provide expert support and compliance with Australian standards, ensuring safety and durability . For detailed pricing and to place orders, you can explore suppliers like RS Australia, CNW Electrical Wholesale, or manufacturer websites such as EzyStrut and Axelent for quotes tailored to your project needs .
