

Price of New PLC Splitter for Singapore Oil Pipeline Monitoring

Overview

PLC Splitter, Fiber Splitters, Always Ready for PON & FTTX FS PLC Fiber Optic Splitters, Bare/Blockless/ABS/LGX Splitter/Rack Mount Types, support 1xN ligh.

Key Takeaways

PLC splitters in Singapore typically range from \$20 to \$200, depending on split ratio, insertion loss, and quality.

PLC (Planar Lightwave Circuit) splitters are passive optical devices used to divide a single optical signal into multiple outputs, making them suitable for oil pipeline monitoring systems that rely on fiber optic sensing networks. The price of a new PLC splitter depends primarily on:

- Split ratio: Common ratios include 1:2, 1:4, 1:8, 1:16, 1:32, and 1:64. Higher split ratios generally cost more due to increased manufacturing complexity.
- Insertion loss and uniformity: Low insertion loss and high signal uniformity improve performance and reliability, which can increase the price.
- Form factor and packaging: Options include bare fiber, ABS box, LGX, rack mount, or cassette types. Ruggedized or compact designs suitable for industrial environments may be priced higher.

- Connector type: SC/APC or LC/APC connectors are common, and pre-terminated splitters may cost more than bare fiber versions . For Singapore, suppliers like FS Singapore and Norden Communication offer PLC splitters suitable for PON, EPON, and FTTX networks, which can also be adapted for industrial monitoring applications . Based on current market data, entry-level splitters start around \$20, while premium models with high split ratios and enhanced environmental stability can reach \$200 or more . When selecting a PLC splitter for oil pipeline monitoring, consider long-term reliability, environmental resistance, and compatibility with existing fiber optic sensors, as investing in higher-quality splitters can reduce maintenance costs and improve system performance over time .

PLC Splitter, Fiber Splitters, Always Ready for PON & FTTX

FS PLC Fiber Optic Splitters, Bare/Blockless/ABS/LGX Splitter/Rack Mount Types, support 1xN light distribution, with low IL and PDL

PLC Splitter, Fiber Splitters, Always Ready for PON & FTTX

1 x 128 Single Mode PLC Splitter, ABS Module, SC/UPC, 2.0mm 50/50 | ≤ 24 dB IL | ≤ 0.3 dB PDL | Optical Distribution Boxes | Racks

PLC Splitter Price in Singapore

Find Singapore plc splitter manufacturers on ExportHub . Buy products from suppliers of Singapore and increase your sales.

Fibre Optic PLC Splitter Manufacturer & Supplier in Singapore

Find Fibre Optic PLC Splitter in Singapore. Buy Fibre Optic PLC Splitter at the best price from Norden Communication, one of the

PLC Splitter Manufacturer & Exporters Serving the Singapore Market

How does the Singapore tropical climate impact PLC splitter performance? High humidity and ambient temperatures in tropical

Singapore Box Type PLC Splitter Market Size, Demand & Trends

The Singapore Box Type PLC Splitter Market is experiencing robust growth driven by the rapid expansion of fiber

SCADALink SPL4-TB — RS232 Splitter

4 Port RS232 Splitter for Industrial Applications In Industrial SCADA Application like Oil and Gas, Pipelines, Power

Passive Fiber Optical Modules / Fiber Optic Coupler and Splitter

1310, 1490 and 1550 nm dual-window or three-window fiber optic coupler and splitter, PM fiber filter-type or fused-type coupler, plc

Sourcing PLC Splitter: A Complete Buyer's Guide

PLC Splitter Conclusion PLC Splitters are indispensable components in fiber optic networks, offering reliable, high

Shop OBD2 Splitter For Monitoring - Find the Best Prices Online ...

Buy OBD2 Splitter For Monitoring and more at the best deals and lowest prices online. Check out products from top-rated brands and

PLC Splitter in Singapore

PLC Splitter - 1xN & 2xN Configurations, Customizable Sizes & Types Including Basic, SFF, Cassette Our customers can avail from

PLC Splitter Market Size, Growth Trends, Share & Forecast

As the PLC Splitter Market matures, saturation in developed regions is inevitable, limiting growth potential. The

PLC Splitter Manufacturer & Exporters Serving the Singapore Market

Our PLC splitters support a broad operating wavelength spectrum from 1260nm to 1650nm. They are fully compatible with GPON,

Fibre Optic PLC Splitter Manufacturer & Supplier in Singapore

Buy Fibre Optic PLC Splitter at the best price from Norden Communication, one of the leading manufacturers and suppliers of Fibre

PLC Splitter Pricing: Cost-Effective Solutions for Fiber Optic Networks

Comprehensive guide to PLC splitter pricing, featuring cost-effective solutions, quality-price comparisons, and long-term benefits for

PLC Splitter in Singapore

Find listing of companies trading PLC Splitter in Singapore. Join the list of leading Singapore PLC Splitter, manufacturers, suppliers,

Optical Fiber Splitters, Fiber Optic Splitters, Optical Splitters, PLC ...

Sinocomms' PLC splitters are designed with precise alignment of optical fibers to provide equal optical power from input ports to
