

Price of wiring for distribution box plugs

Overview

This guide covers cost, price ranges, and practical budgeting for standard electrical box installation projects.

Key Takeaways

Wiring plugs for distribution boxes typically range from \$5 to \$50 per unit, depending on type, amperage, and brand. Price Overview

The cost of wiring plugs varies widely based on current rating, connector type, and industrial standards. Common types include:

- IEC 309 industrial plugs: Often used in PowerBOX distribution boxes; prices generally range from \$10 to \$40 per plug depending on amperage and IP rating .
- PowerCON connectors (True 1 or Grey): Used in stage and entertainment distribution boxes; prices typically range from \$15 to \$50 per plug .
- Terminal blocks for power distribution: Screw, push-in, or stud connections for branching circuits; prices can range from \$5 to \$20 per block depending on poles and current rating .
- Socapex 19-pin connectors: Specialized for stage lighting and film; prices are higher, often \$30 to \$60 per connector .

Factors Affecting Price

- Amperage rating: Higher current plugs cost more.
- IP rating: Waterproof or dustproof plugs (IP44, IP67) are more expensive.

- Brand and certification: CE, UKCA, UL, or IEC-certified plugs may carry a premium.
- Quantity: Bulk purchases often reduce per-unit cost.

Where to Buy

- Amazon: Offers a variety of DIN and industrial plugs with competitive pricing .
- DigiKey: Large selection of terminal blocks and power distribution connectors with real-time pricing and same-day shipping .
- Distribution Zone: Specializes in industrial and stage distribution boxes with compatible plugs .
- Phoenix Contact: Offers preassembled and plug-in connectors for industrial and building installations . For accurate pricing, it is recommended to check supplier websites or request a quote for bulk orders, as prices fluctuate based on specifications and availability.
