

Sc Single-mode fiber optic cable

Overview

Get low-loss fiber patch cables & cords with various connector options that support fiber optic cabling up to 400G. 100% tested.

Key Takeaways

SC stands for Subscriber Connector or Standard Connector, a square-shaped fiber optic connector commonly used in single-mode fiber networks. Overview of SC Connectors

SC connectors are a type of fiber optic connector designed for precise alignment of optical fibers, ensuring minimal signal loss and high reliability. They feature a square body with a push-pull latch mechanism, making them easy to insert and remove while maintaining a secure connection (). SC connectors use a 2.5 mm ceramic ferrule to hold and align the fiber core, which is critical for maintaining signal integrity in single-mode fiber applications ().

SC in Single-Mode Fiber

When used with single-mode fiber (OS2), SC connectors allow light to travel straight through the narrow core without bouncing, which reduces signal loss over long distances (). Single-mode SC connectors are ideal for telecommunications, data centers, and long-distance network links, where high performance and low attenuation are essential ().

Key Features

- Push-pull design: Quick and secure connection without twisting ().

- Square shape: Standardizes connector alignment and simplifies installation ().
 - Low insertion loss and return loss: Ensures efficient light transmission, especially in single-mode networks ().
 - Simplex and duplex options: Simplex SC handles one fiber, while duplex SC supports bidirectional communication ().
- Applications

SC connectors are widely used in enterprise networks, FTTH (Fiber to the Home), CATV, and legacy industrial networks. They remain popular for patch panels, wall jacks, and test equipment, particularly in single-mode fiber systems where precise alignment and low signal reflection are critical (). In summary, in single-mode fiber optic cables, SC refers to the connector type—Subscriber Connector or Standard Connector—designed for reliable, low-loss optical connections over long distances.

Amazon : Sc To Sc Single Mode Fiber Patch Cable

Shop high-performance SC to SC single mode fiber patch cables. Find OS2 rated options for data centers, telecom, and enterprise

OS2 SC to SC Single Mode Fiber Patch Cables, 1.6ft/0.5m

[OS2 SC-SC Single Mode Duplex Fiber Patch Cable 0.5m/1.6ft] RamboCables Fiber Optic Patch Cords SC to SC Single Mode

Single Mode Fiber Cables, Single-mode Duplex Cables, OS2 Patch

OS2 LC to SC 9/125 Single-mode Duplex Fiber Optic Patch Cable, manufactured with the highest quality

9/125, Singlemode Fiber Cable, SC / SC, 1.0m

L-com's 9/125 Simplex Singlemode fiber optic cables are constructed of the highest quality components

SC Fiber Patch Cables

Shop SC Fiber Optic Cables at FiberCablesDirect. Singlemode, Multimode SC Duplex fiber patch cords.

SC SC Fiber Single Mode Duplex quantity discount pricing

SC SC fiber OS2 Duplex Single Mode 9/125 cable is OFNR (Riser) rated available at Cables For Less with quantity discount pricing

Optical fiber connector

Optical fiber connectors are categorized into single-mode and multimode types based on their distinct

BEYONDTECH 1m (3.28ft) LC to LC Fiber Patch Cable

About this item Superior Performance: Beyondtech UPC Singlemode LC to LC Fiber Cable supports ATM,

3M / 10ft SC/APC Fiber Optic Internet Cable

Amazon : PacSatSales - 3M / 10ft SC/APC Fiber Optic Internet Cable - Simplex - Single Mode Cable & Connector -

SC to SC UPC Duplex Single Mode Fiber Optic Patch Cable OS1 9/125

Shop sc to sc singlemode fiber patch cable at Infinity Cable Products. Get up to 10Gb speeds. Certified & trusted by 1000's of

Preterminated Fiber Optic Cable, Indoor/Outdoor, 6F, Singlemode, SC ...

Fiber cable assembly, indoor/outdoor, singlemode, riser, tight buffer, 2mm - 18" breakout, SC, SC, simplex, built to specified length,

OS2 SC to LC Single Mode Fiber Patch Cable 1M/3ft

About this item □□1M (3ft) OS2 SC-LC Fiber Optic Patch Cable Single Mode 1G/10G is designed for high density applications in gigabit

BEYONDTECH 3m (9.84ft) LC to SC Fiber Patch Cable - UPC Single-Mode ...

About this item Superior Performance: Beyondtech UPC Singlemode LC to SC Fiber Cable supports ATM, Fast Ethernet, Fiber

Fiber Optic Patch Cables, Fiber Patch Cords

Get low-loss fiber patch cables & cords with various connector options that support fiber optic cabling up to 400G. 100% tested.

OS2 Single Mode Fiber Optic Patch Cables

Single Mode OS2 fiber patch cords are used for single-mode applications. single-mode fiber is used for long-distance runs. Patch

3FT SC/APC to SC/APC Fiber Optic Cable, Armored Single Mode

Premium Armored Fiber Optic Cable: This 1m SC/APC to SC/APC armored cable features stainless steel protection and LSZH

OS2 SC to SC Single Mode Fiber Patch Cables, 1.6ft/0.5m

[Max Transmission Distance] This OS2 Single Mode Optic Fiber Cable can transmit data for up to 10km at 1310nm, or up to 40km at

SC SC Fiber Single Mode Duplex quantity discount pricing

Our high-quality SC to SC fiber cable is a great option for gigabit ethernet, fast ethernet, and any other data application! The SC
